

## **Performance of the institution in one area distinctive to its vision, priority and thrust**

In keeping with the vision of the college as set forth in its statement, the college has sought to not merely impart examination oriented rote-learning, but to provide the students with ideas of social justice and self-reliance rooted in a sense of morality as well as freedom. This is done through a series of regular measures so that tradition and modernity are attempted to be blended, emphasizing women's power and rights. The teaching and the extra-curricular activities are oriented in such a way that the mental health, physical disability, skill-development related requirements do not take a back seat. To make students aware of the wider social context in which they live, they are encouraged to participate in regular programmes organised by the college, including community service, blood donation and gender and environmental awareness.
