<p>PSYCHOLOGY</p>	<p>Agenda: 1. Internal assessment Marks 2. Student's Progress and Performance</p> <p>Department of Psychology conducted a parent teacher meeting on 20th January, 2022 from 1:15 onwards. As the department has no honours students, we conducted a meeting for the pure pass general students having psychology as their subject. As of now, we also don't have any students for the subject from SEM 3 and 5. Hence, we have only one student named Jaya Das from Semester 1, whom we have mailed the meeting link and she attended the meeting along with her mother. We discussed about the internal assessment marks and gave genuine feedback about her progress. Her mother was highly cooperative and we could make them understand about the importance of study irrespective of any mode (online and offline).</p> <p>Faculties: 1. Aiswariya Banerjee (HOD) 2. <p>ENGLISH</p>	<p>All parents /guardians of the 1st sem students attended the PTM. They were relieved to hear from us about how their wards were handling the syllabus online. All of us stressed on the fact that the students needed to be very attentive when they were doing online classes. Their internet connection needed to be stable. The teachers had to convince them that the students would give their best performance if they studied on their own and did reference work as prescribed by the teachers. We insisted on the fact that the students needed to study texts thoroughly. We also informed the parents about how the students had handled their internal examination. Moreover the students were asked to be particular about their attendance and not miss their online classes. 1st Sem students, who we felt were deficient in language and grammar, were recommended to join a remedial class under an experienced teacher, Dr. Chandrima Roy. This practice has, for the past few batches,</p>	

	<p>worked very well.</p> <p>5th sem students were given a stern warning for being negligent in their studies. We asked the parents to keep a close eye on the students and check whether they were really studying and not browsing the net uselessly. We informed the parents about their gradual deterioration as far as writing analytical answers were concerned. The students had been very casual in their performance in the internal exams. They were reluctant to do reference work and prepare answers. Teachers wanted that parents should ensure that the students should devote more time to studies and diligently follow a daily study routine.</p> <p>The 3rd sem students were really in a critical position because they had never appeared for offline exams and except a few, their performance was abysmally low. Most of them had got barely pass marks in the internal exams. The teachers stressed that since the end sem exams were just around the corner, they must begin their preparations well ahead of time. They have to contend with an increased number of texts and naturally, they should begin their reference work right away. The teachers are constantly uploading materials in the classroom and it is imperative that the students go through these.</p>
