

1. Name of the Activity: Perspectives of Indian Society

Category: Extension lecture

Organizing unit: Sociology Department.

Date: 15.03.2022

Time: 11 am-1 pm

Venue: RKSMVV college premises

Name of resource Person: Dr. Aniruddha Chowdhury, Visiting Faculty, West Bengal State University

No of participants: 15

Brief description of the event: The extension lecture was attended by the students of all three semesters. Dr Aniruddha Sir explained clearly the history of Indian Society and its various perspectives from Structural functionalism, conflict and modernisation perspectives. He discussed how the Indian Society is unique in structure, function and dynamics and cannot be associated with the European Society. He made the students understand the indological perspective and the various contributions of Indian sociologists such as M.N Srinivas, G.S Ghurye, Max Muller etc.

Outcome: The students had an interactive session and after the lecture, the students were able to understand Indian society and its various perspectives. Dr Aniruddha Sir also clearly explained their doubts and suggested a book for the students named 'Indian Sociological Thought by B.K Nagla'.

2. Name: Interdisciplinary Seminar on Research Methodology

Category: Extension lecture

Organizing unit: Sociology, Education and Philosophy Department.

Date: 08.03.2022

Time: 11 am-1 pm

Number of Resource Person: 2

Resource Person: Dr. Prarhita Biswas, Professor & Head of the Department, School of Education, Adamas University

Dr. Maushumi Guha, Jadavpur University, Department of Philosophy

No of students: 76

No of teachers: 10

Brief description of the event: The extension lecture was attended by the students of the three departments. The lecture was on Research Methodology where the concepts of research and how to carry out research were discussed such as what is research- quantitative and qualitative research, research design. The students were taught how to collect data while conducting research which made them understand the concepts of validity, reliability and other such concepts. An interactive session was also conducted at the end of the lecture where students asked questions and learned more about research.

Outcome

The students were introduced to the basic concepts of research methodology in Social science. The students were able to gain knowledge on the issues inherent in selecting a research problem and learned about the techniques and tools that are needed to be employed while completing a research project. This also enabled the students to prepare report writing and framing Research proposals.
