Organising Unit: IPR Cell,
Department of Philosophy and
Education in collaboration with IQAC
Venue: Muktiprana Sabhagriha
Number of the Participants: 140

Brief Description and Programme Outcome:

Print media has had a major impact on how people view politics and world events. Many people readily follow what is printed in the newspaper about specific areas and events. Even if it is one small story people tend to believe that is how the whole area should be perceived. Print media enables students to make it a habit to read new things by providing them with interesting and entertaining resources. Widely used in classroom atmospheres, print media encourages students to do extensive reading unlike the traditional textbooks.

Assistant Editor of the renowned Bengali newspaper Anandabazar Patrika, Smt. Swati Bhattacharjee, shared her thoughts on the impact of print media on collective consciousness and collective memory, effecting morality and ethics of the readers, particularly the youth. She also approached the role and responsibility of the press with regards to IPR. The audience gained a wonderful experience while interacting with Swati Bhattacharjee. The students gained insights into the good and bad impact of media. They understood the relationship between public demand and topics written about.

SPACES/PLACES OF GROWING UP: MAPPING THE GEOGRAPHIES OF CHILDHOOD

Programme Outcome The conference aimed at exploring a multitude of critical and engaging issues predominantly categorized as childhood studies. The primary objective was to present the topic of the conference as an interdisciplinary, intersectional and inclusive one. Additionally, this conference also aspired to engage not only with young researchers and academicians but also with activists, thinkers and especially students – both undergraduate and postgraduate who usually do not participate in such platforms. Thus it attempted to broaden the scope of the arena with a greater number of participation and critical discussion.

Seminar on Mental Health Awareness

SUICIDE PREVENTION AND AWARENESS

Programme Outcome: This was a highly engaging and interactive seminar where the questions and presentations revealed the growing awareness of mental health among the students. The main contention that came out was suicide is not primarily a mental health issue. Lack of awareness, support, empathy, helplessness, and loss of self-esteem sometimes are the probable factors. The Seminar also highlighted the greater number of suicides among Gender-Sexual Minorities. 24-hour Online Support systems should be more proactive and effective.

Student's Project Presentation

POSTER PRESENTATION: VIOLENCE AGAINST WOMEN

9th December, 2022

Time: 11:00 am

Organizing Unit: Sociology

Department

Venue: College premises

No. of the participants: 19

Brief description of the event:

As part of the curriculum, the Department of Sociology organized a poster presentation for all the departmental students. They made a single poster on "Violence against women". The event envisaged that empowering a woman was a way to defend not only violation against a specific gender but also it could raise the level of standard of the society.

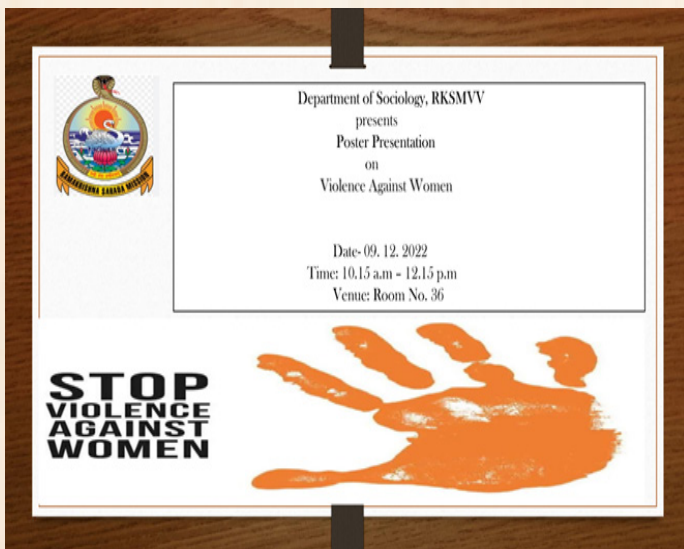

Programme Outcome: This event threw light on the value of women in our society. Creating awareness of gender equality was thought of as one of the supreme pillars of good governance in our society. The event made us realise the role of importance of women in our society. They shared their concerns about how women face challenges in cyberspace and sexual harassment everywhere. To create awareness and to raise one's voice against violence is understood as the need of the hour. Among the various forms of violence, domestic aggression against women is a serious issue. Violence is considered a "silent epidemic". The event highlighted the lack of proper education, lack of awareness and lack of adequate laws as the root cause for gender-against violence. The main aim of celebrating this event was to create awareness of gender equality for a healthy society.

DESH-KAL-SAMAJ ER PREKHITE RAMA CHOWDHURY-SRIJIB NYAYTIRTHA-AMBIKADUTTAVYAS ER SAHITYAKIRTI

Program Outcome: In the syllabus of CBCS, the literary works of Rama Chowdhury, Srijob Nyaytirtha and Ambikaduttavyas have been included as per the curriculum. However, there are no books published that focus on and contain the literary works thereby not providing the opportunity to the teachers and students to avail the works. This seminar aimed at reaching out to their literary works through the various speeches by our Eminent Resource Persons. The various research papers that were presented by the researchers of the different esteemed institutions also helped the students to comprehend the eclectic literary works of the honourable authors.

Chairperson's Speech

Program Outcome: The last Session on Interaction with First Year Students shows that they are getting to know the issues within the crime of sexual violence mostly faced by cis and trans women students in the higher educational institutions and extended areas connected to their institutions, for instance in public transport, while coming to and returning home from the College. Their queries and comments reflect their resolve to stop this assault trivialized in society as 'Eve-Teasing'. The students talked about the ways they can reach out to the public with these issues. They also want more events like this where they can be involved and gain insights of the diverse areas of this issue of sexual harassment.

One-day Workshop on Research Methodology

UNDERSTANDING THE AUDIO LANDSCAPE THROUGH RADIO TALK & RADIO NEWS SCRIPT

16th December 2022
11:15 am. – 12:15 pm.

Name of Resource Person - Smt. Chayanika Dutta Gupta, Radio Jockey (RJ), All India Radio.

Organizing Unit: Department of Journalism and Mass Communication, RKSMVV in collaboration with IQAC
Venue- Room Number 25, RKSMVV

Number of teachers: 4

Number of Resource Persons - 01

Number of Participants - 64

Brief Description of the Event –The speaker, eminent Radio Jockey (RJ) was excellent in her enriching lecture. She shared her real-life experience as an RJ and did some hands-on activities with students on radio script that day. So for the presenter to be successful, they must persuade the audience to tune in to the program. A presenter's function becomes essential in building and sustaining a lively relationship with the listener who is not visible. Because of its baffling diversity, India is virtually always the case when the profile of the unseen listener is complex and diversified, making it even more so. The task of providing services to all social classes without discrimination or exclusion is particularly large for public service broadcasters, which makes the presenter's position even more important. She also discussed that since radio is a sound medium, radio hosts should have

One-day Workshop on Research Methodology

UNDERSTANDING THE AUDIO LANDSCAPE THROUGH RADIO TALK & RADIO NEWS SCRIPT

Programme Outcome- Following the workshop, students are motivated to gain an understanding of the significance of presentations and to be able to recognize different types of presenters and their qualities. They also learnt to adapt a script for radio use, and, with enough planning and practice, create their unique presentation style. They ought to possess “the gift of the gab,” which is another term for “the ability to speak with eloquence and fluency”. Presenters serve as the connection between the broadcasting organization and its audience, functioning as its spokespeople. The listener connects with the presenters and builds a rapport with them, even when the organization’s internal hierarchy and program production team stay in the background. A presenter is something like a salesperson in that they are expected to be fully informed on the nature, substance, and tone of the program they will be presenting. All four faculties & 34 students of this department enthusiastically participated in this fruitful workshop.

---	--	---

Venue : Geography Department, RKSMVV.

Brief description of the event :

The programme started with the welcome address of Dr. Amrita Pramanick, faculty of the Geography Dept. and then a very short inaugural speech of our IQAC Coordinator Dr Chaiti Mitra. Then the resource persons delivered their presentation on different aspects of Remote sensing & GIS. The Seminar was organised keeping in view the importance of Remote Sensing and GIS in the UG and PG levels. Both eminent Professors gave insightful and informative lectures on the applicability and different Prospects of RS & GIS. The session ended with a vote of thanks by Dr. Soma Mukhopadhyay to the resource persons, the Principal & IQAC Coordinator of the college, participant students and other delegates and lastly all members of the organising committee.

Programme Outcome: In fact, we can't imagine our day-to-day life without the help of GIS. It has become a part and parcel of our lives. The Seminar was very fruitful, particularly for the students who are interested in Remote Sensing and GIS. Every year after completion of graduation in Geography Honours, many students are admitted for Post-graduation in GIS and Remote Sensing in West Bengal and other States of India as the job opportunities are better, & the popularity of the subject is increasing day by day. So, students are largely motivated to continue their careers with GIS as its prospects are gradually growing to a great extent.

Workshop on IPR and Gender Awareness

UNDERSTANDING THE PRIDE MOVEMENTS: DIVERSE EXPRESSIONS OF THE LGBTIQ COMMUNITIES

28th June, 2023

1.30 pm - 3.30 pm

Name of the Resource Person/s (with designation):

- Ms Meenakshi Sanyal, a queer feminist activist and Co-Founder of Sappho Collective and Sappho For Equality;
- Mx. Koyel Ghosh, a gender non-conforming, non-binary queer feminist activist and Managing Trustee of Sappho For Equality
- Ms Madhurima Ghosh, a lesbian activist and Trustee Board Member of Sappho For Equality

Brief Description of the Event: This jointly held Workshop attempted to discuss the different nuances of the queer spectrum. It was held in June, the Internationally Acclaimed Pride Month. The Welcome Address, delivered by the Principal, emphasized human (gender-blind) differences at many levels/shades (sartorial, hair style, body) and she emphasised that we all are not identical. The Concept Note was introduced by Ms Aishwarya Banerjee, Department of Psychology and Dr. Soma Marik, Department of History.

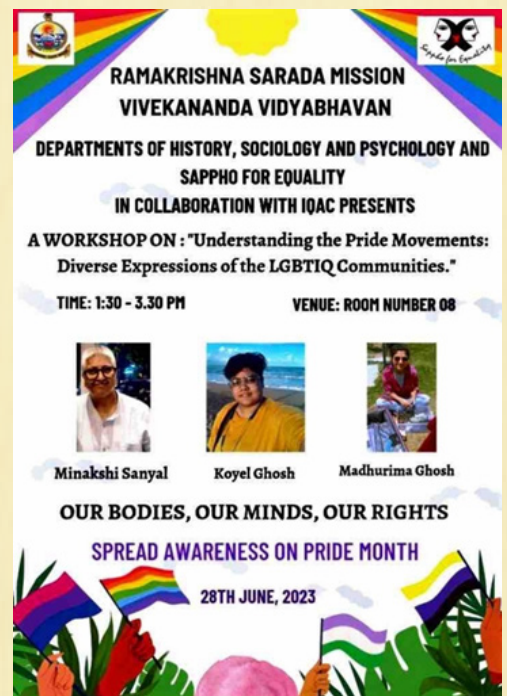

Organising Unit: IPR Cell
Departments of History, Sociology and Psychology, in collaboration with Sappho For Equality and the IQAC, Ramakrishna Sarada Mission Vivekananda Vidyabhavan
Venue: Seminar Room, RKSMVV
Number of Participants: 71

Programme Outcome: The Workshop from the very beginning wanted first to listen to the voices of the students and their takes on queers. It was followed by a thorough and sharply focused interaction on the Sex and Gender System among both faculty and students. The takeaway has been to:

- break the taboos on LGBTIQI identities
- gender non-binary/ dysphoria should not at all be medicalised.

Sappho for Equality takes Interns and has 24 24-hour helpline. So interested students could think of getting training at their periodical workshop on 'Jounotar Pathsala' and get placements in NGOs working on Sex-Gender systems with adults, teens of varying sexual orientations and gender non-binary and even intersex persons
