NEP Document

Ramakrishna Sarada Mission Vivekananda Vidyabhavan is committed to the philosophy of the National Education Policy (NEP) 2020 which will be implemented through West Bengal State University's Undergraduate Curriculum Framework 2023 (UGCF). The NEP highlights that quality higher education must aim to develop good, thoughtful, well-rounded and creative individuals with holistic and multidisciplinary education. This will help them become pioneering leaders in their own right and also contribute to the goal of National Development.

The National Education Policy, 2020 recognizes that higher education plays an extremely important role in promoting the development of a societal well-being and in developing India as envisioned in its Constitution as a democratic, just, socially conscious, cultured, and humane nation upholding the values of liberty, equality, fraternity, and justice for all.

The NEP focuses on integrating the humanities and arts with science, technology, engineering and mathematics which it believes will bear positive learning outcomes, including creativity and innovation, critical thinking and, problem-solving abilities, teamwork, communication skills, in-depth learning and mastery of curricula across fields, besides enhancement of social and moral awareness, general engagement and enjoyment of learning.

Further, it also recommends the undergraduate degree will be of either 3 or 4-year duration, with multiple exit options within this period, with appropriate certifications, i.e., a UG certificate after completing 1 year in a discipline or field including vocational and professional areas, or a UG diploma after 2 years of study, or a Bachelor's degree after a 3-year programme. The 4-year multidisciplinary Bachelor's programme, however, is deemed as the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student.

The fundamental principles of the NEP that guides our College and which the College strives to implement are as follows:

- i. Recognizing, identifying, and fostering the unique capabilities of each student by nurturing close and healthy student teacher relationships that includes regular mentoring sessions and periodic parent-teacher meetings.
- ii. Making provisions for flexibility to move between disciplines so that learners can select their learning trajectories.
- iii. Encouraging multidisciplinary education across the sciences, social sciences, arts through intra-departmental seminars, workshops and activities.
- iv. Focusing on conceptual understanding rather than rote learning, fostering critical thinking among students and providing life skills such as communication, teamwork, leadership, and resilience through various value-added courses.

P. V. S. S. S.
Principal
Ramakrishna Sarada Mission
Vivekananda Vidyabhavan

Phone : 2551-3452 (College)
2551-3202 (Ashrama)

- v. Extensive use of technology in teaching and learning and removing language barriers through add-on and value added courses.
- vi. Proper educational planning and management via the timely circulation of lesson plans, regular student evaluation and faculty feedback
- vii. Respect for diversity and respect for the local context in all curricula via targeted classroom teaching.

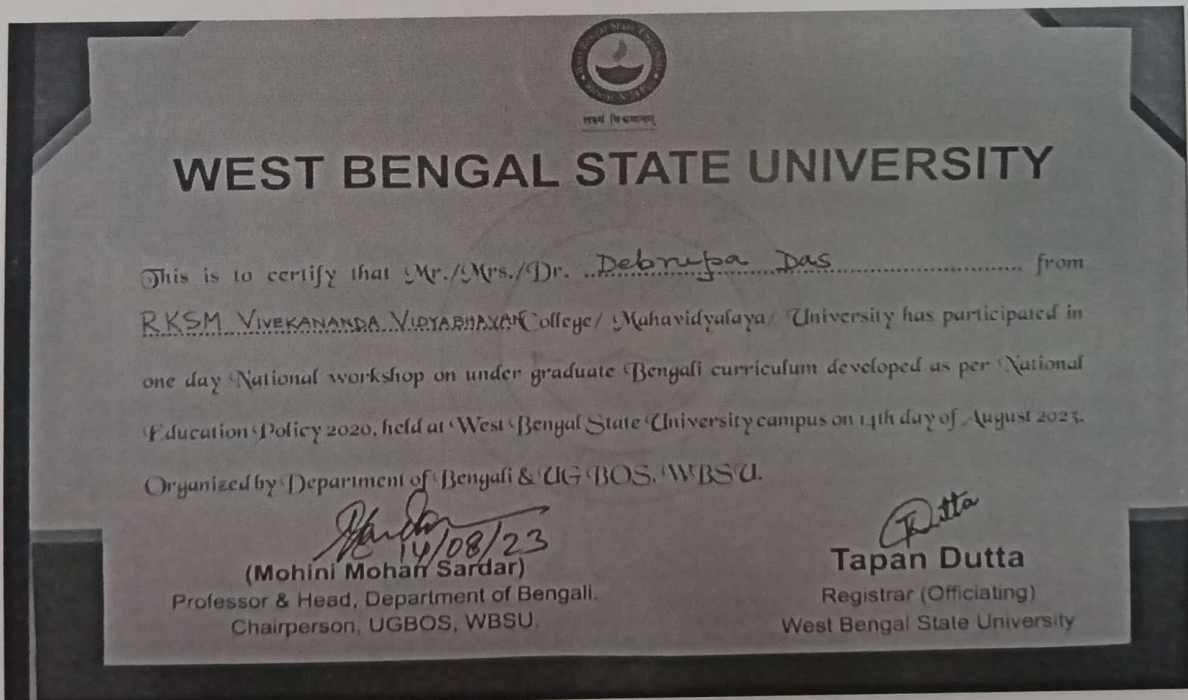

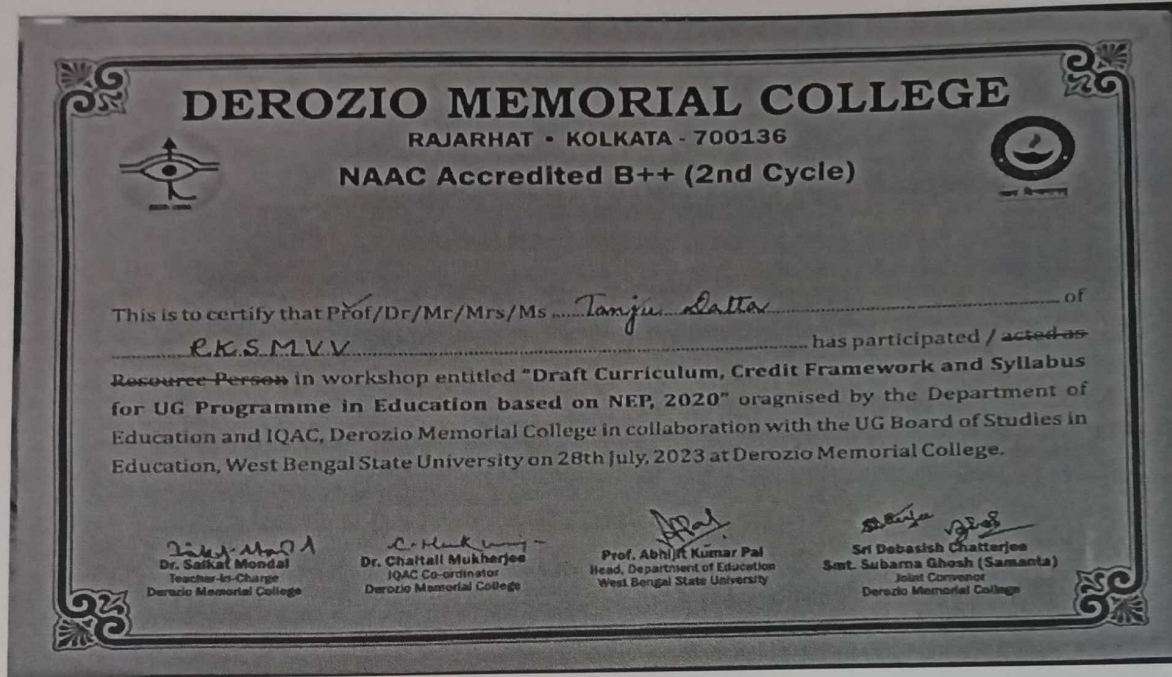

Most importantly, following the core principles of the NEP, the College strives to foster a sense of rootedness and pride in India, and its rich, diverse, ancient, and modern culture, languages, knowledge systems, and traditions by incorporating courses on Indian Knowledge System (IKS) and Yoga.
