Prize, Grants and Scholarship Policy Document

Ramakrishna Sarada Mission Vivekananda Vidyabhavan provides prizes, grants, and scholarships to students to ensure fairness, transparency, and equity. Scholarships and grants are a form of financial aid awarded to economically weaker students for the purpose of paying all or part of their college expenses. Eligibility for scholarships and grants is determined through a review of both financial need and merit. The college ensures that no deserving student is deprived of their right to education by making provision for certain grants and scholarships which empowers them in their academic journey. In addition to providing an excellent educational experience to all the students, the college takes extra care to ensure that students from economically and socially disadvantaged backgrounds get a fair allocation of scholarships. Students are supported in applying for and receiving several scholarships granted by the state and Central governments based on their socio-economic background and merit.

Furthermore, the college ensures that scholarships and prizes in cash and kind, such as fee concession, stipends and hostel charges are offered to the eligible students through both government and non-government schemes.

Merit and Merit-cum-Means scholarships are provided to the eligible candidates. With the help of UGC grant, provision of special stipends for SC/ST/OBC and minority students are also provided. Annual prizes are awarded annually at the time of the Annual Function, for excellence in both academic and extra-curricular activities.

In addition, the college receives donations from a host of well-wishers (including past and present teachers and alumni) to support and encourage students. The Students' Welfare Committee, a unit of the RKSMVV Teachers' Council, also has a Students' Welfare Fund specially set up to support students' needs.
