### DEPARTMENT OF HUMAN RIGHT

Company: Kinetic Engineering Limited. Designation: Senior Assistant Legal Manager

As an alumna of the 2013-2017 batch, I am compelled to express my heartfelt gratitude for the profound impact the study of human rights had on my academic journey and subsequent career path. It was within the hallowed halls of your institution that I discovered my passion for the intricate nuances of law, particularly in the realm of human rights.

Each lecture, discussion, and seminar not only piqued my interest but also ignited a fervent desire to delve deeper into the subject matter. The esteemed professors who imparted their wisdom and knowledge made the learning experience not only enriching but also truly unforgettable. Their dedication, enthusiasm, and expertise transformed what could have been a mere academic pursuit into a lifelong commitment to justice and equality.

I am immensely grateful to the institution for recognizing the importance of including human rights in the curriculum. At a time when such subjects were considered rare, your foresight and dedication to nurturing well-rounded individuals have undoubtedly shaped countless futures, including mine.

The memories I cherish from my time at the institution are not merely nostalgic but serve as a constant reminder of the invaluable lessons learned and the bonds forged with mentors who continue to inspire me, even after nearly seven years.

Today, as a practicing lawyer, I attribute much of my success to the solid foundation laid by the institution, its unwavering commitment to excellence, and the guidance of its esteemed faculty. Beyond shaping careers, your institution has played a pivotal role in fostering personal growth, instilling values of compassion, integrity, and empathy that extend far beyond the courtroom.

In closing, I extend my deepest gratitude to the institution and the Human Rights Department for their unwavering support, guidance, and dedication to shaping the leaders and changemakers of tomorrow.

**Employees' Provident Fund Organisation (Ministry of labour and employment). Designation: Social security assistant**

I am Suchandra Sarkar, an alumna of Ramakrishna Sarada Mission Vivekananda Vidyabhavan of the 2019-22 batch. Being a student of BA programme, I had to study Human Rights in all six semesters. So, my relationship with this department became stronger with time. The teaching style of Moumita ma'am and Mousumi Ma'am made Human Rights interesting to us. They also taught us syllabus oriented current affairs for the better understanding of the topic. Through writing questions and answers at multiple class tests, they used to make us prepared for the final exams. Apart from studies, Ma'am also encouraged us about our goals in future life. Especially if I want to talk about myself, I can't forget the support and inspiration I got from Mousumi ma'am and Moumita ma'am. Without their cooperation it would have been impossible for me to balance between college studies and my job preparation simultaneously. In a nutshell, I would like to convey what I have learnt in those three years in the presence of those Respected Professors of this Department will act as fulcrum for my present as well as for the future.

### DEPARTMENT OF ENGLISH

**Dr. Debarati Dutta**, (PhD from IIT Kharagpur), Assistant Professor in English, Dhupguri Girls' College, University of North Bengal.

I am proud and privileged to have been taught by enthusiastic and caring teachers in the Honours programme during my undergraduate days at RKSMVV. The dedication and discipline that the professors instilled in me shaped the journey of my academic life in many ways. The passion and love for learning and a fellow feeling for the other had a humble beginning in the college which I love to cherish in days to come.

**Koel Niyogi**, Assistant Teacher (English) at Anandanagar Girls' High School, Belur.

I was a residential student and by the end of the three years my department had turned into the perfect place for solace, and where I truly felt at home. It is an understatement to say that my professors were very helpful. However, it was not just literature that they taught me. They made me what I am today by setting an example themselves in the way they conducted themselves in other aspects as well, apart from teaching. In fact, it is because of their motivation that I have evolved into the hardworking, focused and committed person that I am today. Their impression on me is an everlasting one.

I am a proud alumnus of this department and owe a lot to them. My professors have provided me with the best possible grounding in literature and inspired me to take up higher studies and to excel in the subject that I chose for myself. Apart from academics, the department was vibrant with extracurricular activities that encouraged participation of students. We were fortunate to have such an amazing faculty, who not only inspired love and passion for the subject, but lent a personal touch in our well-being. My teachers have been my mentor in the truest sense of the term. They have been highly instrumental in motivating me to take up teaching as a profession.

**Sayanti Das**, Business Manager at IBM Bangalore.

The department's richness in terms of imparting knowledge and taking individual care of every student is what helped me reach where I am today. Each of our professors stood tall on their subject matter, which eventually helped me to develop and groom my skill set. I have imbibed the virtues of discipline, regularity, hard work and humility here, which helped me immensely to stay hungry to learn, work toward my goals and yet keep my humanity intact in my journey.

**Debarati Roy**, co-founder of ELTA Global, senior corporate and teacher trainer, IELTS examiner.

Literature became the love of my life because of the professors who created magic in the class. The department became my second home and the best escape for three years. The English department became my safe haven solely because of the brilliant human beings who nurtured us, protected us, tolerated us, laughed and cried with us, backed us like parents, joked like friends, helped us dream beyond horizon and lastly, gave us credence to stand tall and live the best version of our lives.

Department of English, RKSMVV, is where my love for literature became my career choice and all thanks to this department, I decided to stay in academics. The discipline fostered by the teachers has helped lay the foundations without which no one can have either a successful or a satisfying personal and professional life. Despite the strictness, my batch mates and I enjoyed a special and unique bond with all the teachers of the department that I still hold dear and cherish.

I consider pursuing English Honours from an institution like this was one of the best decisions of my life. The very supporting faculty helped me to enhance my skills to the optimum and still inspire me to never give up in life. They not only delivered classroom teachings but also opened a whole new realm to us by conducting short educational tours to heritage places. The class lectures used to promote critical thinking and enriched us with knowledge. We also had a departmental seminar library with wide array of books. Being a part of this department is an honour in itself.

**Tinni Giri**, Preparing for NET and advanced studies

My experience at the Department of English, RKSMVV was undeniably rewarding. I highly appreciate the department's holistic approach that taught me to extend the boundaries of understanding and developing multi-layered perspectives for a wider range of literary knowledge. We were provided with challenging and brainstorming practical, productive and creative assignments which helped us to learn to prepare for presentation of research papers in future with confidence and clarity. On that note, one of the most enriching aspects to mention is it's profound collection of essential, unique and scholarly books on almost every subjects in our college library and most fascinatingly our departmental library that keeps upgrading and flourishing itself continuously.

Our college Ramakrishna Sarada Mission Vivekananda Vidyabhavan is one of the most beautiful colleges I have ever seen. The first thing I like about our college is the environment and greenery. There are different job oriented courses in our college. The teaching-learning process of this college is very nice, teachers are so friendly and guides in everything. We all are provided with a number of opportunities like the GIS course, spoken english, yoga, etc., to grow and explore our skills. The emphasis on sports and various career- oriented courses along with education always helped us a lot. Our teachers are highly supportive; they always assist a lot in every situation. The most important thing is that our college has a placement cell, which creates a very bright future for us. The strict rules and diverse courses encouraged us to think beyond academics. Most importantly, the institution's spiritual environment blessed and guided me throughout, adding a number of values to my life.

RKSMVV always believes in helping and guiding students professionally, financially, and most importantly spiritually. Regular classes held at our college help us to develop our skill and make us perfect as a student. I can confidently say that RKSMVV is very different from other colleges I have ever seen because of its teaching-learning process, special norms like morning prayer, value education classes etc. Also this college gives an opportunity to self development with some worthy courses like Spoken English, Coaching for Competitive Exams, Computer Courses, etc.

We were the first honours batch of Geography at RKSMVV. Naturally there were some problems regarding the stock of books in the library, practical tools, and references. But I can never deny the restless help of our teachers. External lectures, monthly decoration of our department's notice board helped to enrich us. Our teachers are just like our friend-philosopher-guide. We enjoy these three years like a Family. So, a Special and huge thanks to my department and College.

#### Writosree Mukherjee Subject matter expert, WIPRO Limited Hyderabad

The formative years of my life at Vidyabhavan is unforgettable. I was very nervous when I got admitted. But all my doubts were cleared when classes started. I was an average student. I found great happiness in dancing and singing more than studies. I still remember how my teachers and Mataji used to encourage me to pursue singing and dancing along with the studies. I feel so indebted to them for their cooperation and guidance. It's been 11 years since I passed out, but the phenomenal life lessons which Vidyabhavan has taught me, has shaped my life. Today whatever I am, my college has an important part to play in it. I shall never be able to thank my college enough.

**Maitrayee Sarkar (SACT teacher at Department of history RKSMVV)**

Maitrayee Sarkar, M.A, B.ED, M.Phil, State Aided College Teacher, Ramakrishna Sarada Mission Vivekananda Vidyabhavan.

My association with my beloved college dates back years ago when I enrolled myself as a student of History Honours. Little did I know then that along with curricular subjects I would receive training in acquiring knowledge to be devoted and ready to sacrifice for the greater good. In our college soft skill development got special attention and thus we learned to love everyone around us unconditionally. We were empowered with basic life skills like emotion, affection and, sincerity. I still remember my respected teachers who not only taught us but inspired us to take up challenges. I am proud of my college and teachers. I shall be ever grateful to them for their constant guidance and encouragement in my life.

### DEPARTMENT OF SANSKRIT

I am proud to be an alumna of Ramakrishna Sarada Mission Vivekananda Vidyabhavan. It is not merely an academic institution, but a temple of learning for me. I found profound bliss in the lush greenery of the college campus as well as in the serenity and the politics-free environment. The disciplined college life, the well-stocked library and above all the student-teacher bonding offered an excellent academic atmosphere. Not only the syllabus-oriented lessons, but also the daily Morning Prayer, the cultural activities throughout the year and the moral lessons enriched me a lot and helped me greatly to become a better version of myself. I can hardly forget the individual attention, immense support and continuous inspiration that I had received from my teachers. I express my sincere gratitude to my teachers, because of whom I have become what I am today. I feel, indeed, lucky enough to be a member of the Vidyabhavan-family and I shall cherish the sweet memories of the golden years of my precious college-life forever.

I am Suchandra Sarkar, an alumna of Ramakrishna Sarada Mission Vivekananda Vidyabhavan of the 2019-22 batch. Being a student of BA programme, I had to study Human Rights in all six semesters. So, my relationship with this department became stronger with time. The teaching style of Moumita ma'am and Mousumi Ma'am made Human Rights interesting to us. They also taught us syllabus oriented current affairs for the better understanding of the topic. Through writing questions and answers at multiple class tests, they used to make us prepared for the final exams. Apart from studies, Ma'am also encouraged us about our goals in future life. Especially if I want to talk about myself, I can't forget the support and inspiration I got from Mousumi ma'am and Moumita ma'am. Without their cooperation it would have been impossible for me to balance between college studies and my job preparation simultaneously. In a nutshell, I would like to convey what I have learnt in those three years in the presence of those Respected Professors of this Department will act as fulcrum for my present as well as for the future.
