

Name of activity: Blood Donation Camp

Category: Social Work

Organising unit: SWC and NSS Unit, RKSMVV

Date: 07.07.23

Time: 11 A.M

Venue: AV room

Name of resource person/s: N/A

Number of participants: 60

Brief description of event:

The blood donation camp was organized on 7th July 2023 in the college premises. It was jointly organized by the Student Welfare Committee and NSS unit of the college in association with State Blood Transfusion Council, West Bengal. Health workers and nurses of Barasat Government Hospital, North 24 Pargana had come for this purpose. The whole camp was organized in the two rooms of the college. About fifty students had donated blood enthusiastically along with the teachers and principal herself. The blood donors were given bananas, muffins, eggs and fruit juice as refreshment in order to re-energize themselves. This camp not only contributed to the growing needs of blood, also created awareness among the students about the necessity of donating blood.

Programme outcome:

To create awareness among teachers and students about the importance of Blood Donation. A drop of blood can save a precious life. Donating blood can help people with many health conditions, such as those who:

- have internal or external bleeding due to an injury
- have sickle cell disease or another illness that affects the blood
- are undergoing cancer treatment
- are undergoing surgery, such as cardiovascular or orthopedic surgery
- have an inherited blood disorder
- are undergoing a transplant
- need treatments involving plasma or other blood product

Keeping all these in mind, the students and teachers and Principal herself committed to donate blood as frequently as possible.
