

**Name of the activity :** Visit to Kolkata International Book Fair 2024

**Category :** Departmental Activity

**Organising unit :** Department of Geography

**Date :** 22.01.2024

**Time :** 12:30 pm to 5:00 pm

**Venue :** Saltlake, Kolkata

**Number of Participants :** 15 students of SEM-1 & 3 faculties of the department.

**Programme Outcome :**

A book fair is an excellent opportunity to build students' home libraries. It further develops their reading and comprehension skills and often builds knowledge and vocabulary essential for understanding new subject matter. Books play a significant role in our life, especially for children. Reading books increases the knowledge of students, improves their intellect, makes students aware of the various societies and civilizations across the globe. Moreover, the habit of reading books enhances imagination and creativity in the student's mind. Book fairs often showcase more than just books. Audiobooks, electronic books, and other forms of digital media are often featured at book fairs. Some book fairs also incorporate performances, screenings and other types of entertainment also. Students bought some books on drawing, adventure and detective story, and also based on their syllabus. I also suddenly got a rare book on climatology which I searched for a long time. They also bought some things used for home decoration. We all benefited from the visit to the book fair.
