

'Folk Internship 2024'

A total of 19 students of Semester II (from English and Sociology Departments) interned at Folk from July 1st to 13th, 2024, as part of the NEP curriculum. During this period, students delved into stock-taking and inventory management, guided by mentors Lina Biswas, Rituraj Bhattacharjee, and Sandipan Chattopadhyay. The internship was enriched with work done, daily logs and afternoon discussions.

In a safe and happy learning environment, at the Folk Premises, the students enjoyed a hands-on learning experience that not only honed their skills in advertising and inventory management but also fostered a strong sense of professionalism.

The students thoroughly enjoyed the experience, finding it both educational and rewarding.
