Debarati Chatterjee, Manisha Pramanik, Lisha Maji, Sumana Das and Soumita De of Sem- 6

- **Number of Participants :** 18 students of Semester 4 and 19 students of Semester 6
- **Brief description of the event :**

Interactive Peer teaching was organised by the Department of Geography, RKSMVV for the students of Semester 4 by the aforesaid selected students of Semester 6 in celebration of World Biodiversity Day which was observed on 22nd May each year. In this regard the selected topic was 'Biodiversity: Issues, Opportunities and Management'.

- **Programme Outcome:**

Peer learning where students can learn from each other offers numerous benefits including enhanced engagement, deeper understanding and improved communication skills. It also fosters teamwork, critical thinking, increased confidence, sense of community, and better feedback. Biodiversity, Sustainable use of resources are some contemporary terms used these days. The attempt helps them to understand the concept of biodiversity issues particularly concept, significance, management techniques in detail in terms of teaching cum discussion method.
