## **Brief Description of the Event**

The Internal Quality Assurance Cell (IQAC) of RKSMVV organized a special lecture titled *"Intellectual Property Rights: What, Why and How"* on 30th May 2025, at 2:30 PM in Room No. 8. The session was conducted by Dr. Sarmila Banerjee, Former Professor of Economics, University of Calcutta.

The lecture commenced with a welcome address by the principal, followed by an introduction of the guest speaker. Dr. Banerjee delivered an engaging and informative talk that covered the fundamentals of IPR, including its definition, types (patents, copyrights, trademarks, etc.), and the significance of IPR in academic, creative, and business contexts. She also explained the procedures involved in securing intellectual property rights and highlighted various national and international legal frameworks.

Students actively participated in the question-and-answer session that followed, seeking clarification on real-life scenarios involving IPR and discussing case studies shared by the resource person. The session concluded with a vote of thanks.

## Outcomes

By the end of the lecture, students were able to understand the concept and importance of Intellectual Property Rights (IPR) in various fields, identify different types of IPR and their specific applications. They were able to gain insights into the legal procedures for obtaining IPR protection and thus appreciate the role of IPR in fostering innovation and protecting original works. They recognized ethical considerations and challenges related to IPR in academic and professional contexts. The session significantly enhanced the awareness of students regarding intellectual property and motivated them to consider the legal protection of their creative and academic work.
