Brief Description of the Event: 6th Semester students from the department of History chose the revolutionary-leftist national leader Bhagat Singh on the occasion of his 118th birthday as their topic. The 1st and 3rd year batchmates came to learn about this phase of Indian nationalist movements.

Outcome of the Event: This presentation evoked many queries about revolutionary nationalism in the junior batchmates and their strategy of waging a nationalist war in India as it differed from the mainstream Indian National Congress led movements. They also came to know about the dedication of Bhagat Singh and his anti-imperialist and socialist outlook. This Peer teaching also made clear the activities and nature of the Hindustan Socialist Republican Association. The senior peers learnt the skills to handle the technicalities of *Power Point Presentation* and made them plunge into the research on the topic itself
