

NSS EVENT REPORT

- **Name of the Activity :** Celebration of World Ozone Day
- **Category :** Awareness Activity of NSS unit-1, RKSMVV.
- **Organising Unit :** NSS Unit, in collaboration with IQAC, RKSMVV.
- **Date :** 16.09.2025
- **Time :** 3:00 p.m. - 4:00 pm
- **Venue :** Room no 8
- **Name and Designation of the Resource Person :**
Prof. Dulal Ch. Das,
Former Associate Professor, Dept of Geography, Bidhannagar College, Kolkata.
- **Number of Participants :** 25 students

- **Brief Description of the Event :**

The NSS Unit of RKSMVV organized a programme to celebrate *World Ozone Day* on 16th September 2025, from 3:00 p.m. - 4:00 pm. The event aimed to raise awareness about the significance of the ozone layer in protecting life on Earth and the global efforts for its preservation. The resource person for the programme was Prof. Dulal Ch. Das, Former Associate Professor, Department of Geography, Bidhannagar College, Kolkata, who delivered an insightful lecture on the causes of ozone depletion, its environmental impacts, and sustainable measures for safeguarding the atmosphere. The speaker shed light on historical, geographical, and human rights perspectives related to sustainable development and environmental conservation. The NSS students represent a power point presentation on the importance of ozone day. They took a pledge to protect the ozone layer to save our earth from its harmful effects. The session enriched the students' knowledge and encouraged them to contribute to environmental protection through awareness and responsible practices.

- **Programme outcome :** The celebration of World Ozone Day created a meaningful platform to spread awareness about the importance of the ozone layer and the need to protect it for environmental sustainability. The outcomes of the programme are as follows:
 - Students and participants gained knowledge about the causes of ozone depletion, its harmful impacts on life and the environment, and the global initiatives taken under the Montreal Protocol.
 - The programme instilled a sense of responsibility among students to adopt eco-friendly practices such as reducing the use of harmful chemicals, promoting afforestation, and minimizing pollution and also motivated them to spread awareness about ozone protection and promoting sustainable practices in daily life.
 - Participants enhanced their communication, presentation, and creative skills by preparing charts, slogans, and presentations on the theme of ozone depletion and protection.
 - Through lectures and power point presentations students actively engaged themselves in the learning process and showcased their creative expressions.
 - The event encouraged values of environmental stewardship, collective responsibility, and sustainable living.
