

## **PLACEMENT CELL EVENT REPORT**

**Name of the Event:** A Workshop on Career Opportunities and NQT

**Organizing Unit:** Placement Cell and Internal Quality Assurance Cell (IQAC), Ramakrishna Sarada Mission Vivekananda Vidyabhavan.

**Category:** Career Guidance / Skill Development Workshop

**Date Held:** 13th December, 2025

**Time:** 2:30 p.m. onwards

**Venue:** Room No. 25

**Name and Designation of the Resource Person:** Ms. Sulagna Sarkar; SME (Subject Matter Expert), Tata Consultancy Services (TCS) & Ex-Student, RKSMVV.

**Number of Participants:** 59 students from NEP Semester-V

**Brief Description of the Event:** The Placement Cell and IQAC of Ramakrishna Sarada Mission Vivekananda Vidyabhavan jointly organized a workshop titled “A Workshop on Career Opportunities and NQT” for Semester-V students on 13th December, 2025. The session was conducted by Ms. Sulagna Sarkar, SME at TCS and an alumna of the institution. The workshop aimed to create awareness among students regarding career planning, employability skills, and opportunities in the corporate sector, with special emphasis on the TCS National Qualifier Test (NQT).

The resource person delivered an engaging presentation using a PowerPoint presentation, which helped students understand the structure, eligibility criteria, and importance of the NQT examination. She also discussed various career opportunities available after graduation in IT, consulting, digital roles, and allied sectors. The session included practical insights, real-life experiences, and guidance on resume preparation, interview readiness, and skill enhancement. Students from different departments actively participated and interacted with the speaker.

**Outcome of the Event:** The workshop proved to be highly beneficial and informative for the participating students, as it successfully bridged the gap between academic learning and industry expectations. Through her well-structured presentation, Ms. Sulagna Sarkar provided students with a clear understanding of the TCS National Qualifier Test (NQT), highlighting its role as a gateway to employment opportunities not only in TCS but also in several other reputed organizations. Students gained valuable insights into the exam pattern, assessment areas, and the importance of developing analytical, technical, and communication skills.

One of the major outcomes of the event was the increased awareness among students regarding diverse career paths available after graduation. The resource person emphasized that career success is not limited to a single examination or field, but depends on continuous skill development, adaptability, and informed decision-making. The discussion on emerging career opportunities encouraged students from humanities and social science backgrounds to explore roles in consulting, analytics, content development, digital marketing, and corporate communication. The interactive nature of the session motivated students to actively engage, ask questions, and seek guidance on career planning. The real-life experiences shared by the speaker inspired confidence among the students and helped them relate theoretical knowledge to practical applications. Many participants expressed that the workshop helped them clarify their career goals and understand the importance of competitive exams like NQT.

Overall, the workshop fulfilled its objectives by enhancing students' employability awareness, motivating them to prepare strategically for future opportunities, and strengthening the institution's efforts toward career guidance and placement readiness. The event was a meaningful step toward empowering students to make informed and confident career choices.
