Name of resource persons: Dr. Kausik Bandyopadhyay, Professor of History, West Bengal State University

Number of student participants: 25

Brief Description of Event and Programme Outcome: A Special Lecture on research methodology was organised for the students of the current semester since many of them intend to pursue B.A. Honours with Research in Semester 8. The presentation was lively, informative and very student friendly. The topic, though history based, was not limited to the subject alone. It cut across several subjects in social-science and the students participated with genuine interest. They also had queries after the presentation. Twenty-five (25) students from the departments of History, Political Science and Sociology attended the session. They gained a clear idea of what they were supposed to do while writing a dissertation at the undergraduate level.
